PRODUCTS

**Precision Motion Control Technology**

**MOOG**
- High performance fractional horsepower brush and brushless DC motors
- Direct drive brushless DC torque motors
- Resolvers/synchros/RVDT’s
- High power density alternators
- High energy linear/rotary solenoids
- Integrated motion assemblies/gimbals
- Value added motor and controller solutions

**Noise Control, Vibration and Shock Isolation**

**soundcoat**
- Acoustic absorption products: open & closed cell foams
- Lightweight PET fiber materials
- Sound barriers, damping & gasketing products
- Aircraft & aerospace approved materials

**THE VMC GROUP**
- Elastomeric & spring vibration control solutions
- Shock attenuating wire rope isolators
- Seismic/IBC related engineered solutions

**Air Moving and Thermal Management Products**

**MOOG**
- High pressure multi-stage, dual centrifugal & radial blowers
- Motorized fans & impellers

**Industrial Hardware**

**SIERRA PACIFIC**
- High quality hinges & latches
- Staples, handles, knobs, pulls, door holders, tie-downs & locks
- NEMA and JIC compliant components for electrical enclosures
- Customized industrial hardware designs, assemblies & finishes

**Electrical/Fluid Rotary Solutions**

**MOOG**
- Capsule & thru-bore slip rings
- Ethernet/high speed slip rings
- Wind energy specific slip rings
- Single/multi-channel & hybrid FORJ’s
- Stock and custom rotary unions
- Integrated rotary unions with slip rings

**Nameplates, Overlays and Labels**

**ONE FACTORY SOLUTIONS**
- 3D decorated emblems & nameplates
- 3D decorated flex labels for flat & curved surfaces
- Urethane covered domed decals
- Silk Screen/digital printing & serialization technologies
- Membrane switch overlays

**Fiber Optic Solutions**

**MOOG**
- Single/multi-channel & hybrid FORJ’s
- Single and multi mode capability
- Fiber optic modems, switches & multiplexers

**Flexible/Ruggedized PCBA’s & Membrane Switches**

**MOOG**
- Rigid, flex & rigid flex PCBA’s
- PCBA prototypes
- Ruggedized and ROHS compliant circuit boards

<th>Company</th>
<th>Description</th>
<th>Locations</th>
</tr>
</thead>
<tbody>
<tr>
<td>Moog</td>
<td>Moog Inc. provides innovative design and manufacturing capabilities in motion, electronics and fiber optics. Both standard and custom product solutions are applied in industrial, commercial, medical, marine, aerospace and defense applications.</td>
<td>Blacksburg Operations: ISO 9001 and AS 9100 Certified</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Halifax Operations: ISO 9001 Certified</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Murphy Operations: ISO 9001 Certified</td>
</tr>
<tr>
<td>Sierra Pacific</td>
<td>Sierra Pacific Engineering and Products is a global industrial hardware supplier to a diverse customer base of both OEMs and distributors. At Sierra Pacific, we design and manufacture the highest quality hinges, latches, handles, and other hardware for a wide range of industries, including Electronic Enclosure, Vehicular (Trailers, Service Vehicles, RV’s), HVAC, Crating and Cases and other sectors.</td>
<td>ISO 9001 Certified, 100% ESOP Owned</td>
</tr>
<tr>
<td>Soundcoat</td>
<td>Soundcoat designs Engineered Noise Control Solutions for their Customers. Whether you need your acoustic solution laminated, coated, or embossed, with adhesive or without, cut to shape, in sheets, or packaged in kits, The Soundcoat Company has the solution.</td>
<td>Deer Park NY: ISO 9001 Certified, Irvine, CA: ISO 9001 and AS9100 Certified</td>
</tr>
<tr>
<td>The VMC Group</td>
<td>The VMC Group offers one of the world’s most comprehensive product lines, and related engineering capabilities, for vibration isolation, shock protection, and seismic solutions. Their standard and custom products serve the commercial construction, military/aerospace, and industrial/vehicular OEM markets including the heating, ventilation and air conditioning (HVAC) and generator industries.</td>
<td>Bloomingdale, NJ: ISO 9001 Certified, Houston, TX: ISO 9001 Certified</td>
</tr>
<tr>
<td>One Emblems Corporation</td>
<td>One Emblems Corporation is a Progressive Manufacturer of 3D and Flat Graphics for name recognition components. Using the most cutting edge technologies in printing and processing, they provide products such as Cost effective 3D nameplates and Flex Labels, Domed Decals, Graphic Overlays and Labels for nearly every industry and environment.</td>
<td>ISO 9001 Certified, ROHS &amp; REACH Compliant</td>
